

R E M A R K S

The above-identified application has been allowed. The Issue Fee has not yet been paid.

The amendments to claims 46, 47, 48 and 68 involve only minor clerical revisions.

Claims 49, 50 to 52, 68, 83, 88 to 92, 106 to 109, 114 to 117 and 119 to 123 were amended to delete "or ester". There is no acid group in the compounds claimed in these claims to form an ester.

Claim 78 was canceled hereinabove, since it is superfluous.

In claim 120, the compound which is a hydrochloride was moved to the end of the claim, so as not to be modified by the recitation of "a ... salt thereof," since the hydrochloride compound is a salt.

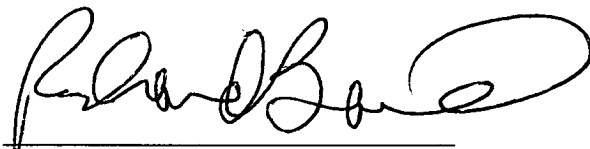

Claims 128 to 132 were amended to recite "pharmaceutically effective amount" to be consistent with claims 85 to 109 and claims 112 to 117.

Entry of the above amendments is respectfully requested.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned at the telephone number given below for prompt action.
